

Passiflora 'Tango 2'

Registration Number: 224

Registration Date: August 14, 2015

Grower of original plant, Submitted by: Shawn Mattison

Parentage: *P.* 'Star of Surbiton' x *P. loefgrenii* 'Iporanga'

Sepal color: Magenta
Petal color: Magenta
Flower diameter: 8.5cm
Floral tube length: N/A
Flower shape: Flat
Flower position: Hanging facing upwards
Stigma color: Green
Styles color: Dark purple with sparse green mottling distally.
Position of androgynophore: Center
Awns: Yes
Quantity of pollen: Scant
Color of pollen: Yellow
Scent: None

Blooming Period: Summer and Autumn
Duration of bloom: N/A
Flower opens: Late morning
Flower closes: Night
Number of coronal series inner and outer: N/A
Filament morphology: Straight
Color of outer coronal series: Purple in the center, a white band in the middle, and then blue outer band.
Color of inner coronal series: Dark purple
Lobation: 3
Foliage shape: Lobate
Foliage dimensions: 5 x 7cm
Leaf margin: Dentate
Adaxial texture: Waxy

Abaxial texture: Flat
 Adaxial coloration: Green
 Abaxial coloration: Green
 Quantity of petiole glands: Single pair
 Petiole gland shape: Filiform
 Petiole gland color: Green
 Petiole gland position: Distal
 Vine color: Red-purple to green
 Vine shape: Round
 Vine texture: Smooth
 Fruit shape: Unknown
 Fruit color: N/A
 Fruit size: N/A
 Number of seeds: N/A
 Color of arils: N/A
 Flavor of arils: N/A
 Peduncle length: 7 to 10cm
 Peduncle position: Hanging
 Bract size: 1 x 1.5cm

Bract shape: Leafy
 Bract color: Green with purple veins
 Extrofloral nectaries: No
 Description of stipules: Lentiform
 Vine vigor: Excellent
 Floriferousness: Excellent
 Light requirements: Partial Sun
 Humidity requirements: N/A
 Max temp: To at least 36 C

Min temp for leaf hardiness: To at least -1 C
 Min temp for root hardiness: To at least -1 C
 Additional information: Compared to *P.* 'Tango', the flowers of *P.* 'Tango 2' are smaller and the petals sepals are much deeper in color. The foliage is also smaller and this hybrid appears to be free of the virus that plagues *P.* 'Tango'.
 Hybrid is named for: The whimsical colors remind the breeder of the Argentinian dance.
